The Hall Nurseries
SUCCESSOR TO HALL'S ADDITION NURSERY CO.
RIVERSIDE,   CALIFORNIA.

Price List No. 18.
FOR SEASON 1894-5.

Several years ago we propagated over one hundred varieties of Roses; each year since we have discarded such as do not thrive well here, and also such varieties as are nearly identical with those we have retained. We have found that a majority of our patrons desire not more than one to two dozen choice Roses in their collection, and they naturally want each variety to be as distinct as possible. Each season we add new varieties, as they are sent out by Eastern firms, preserving only such as prove valuable additions to our stock, the majority of these new varieties being unsatisfactory for general out-door culture.

Prices, unless otherwise noted, 25c each; $2.50 per dozen. When selection is left to us, 20c each, $2.00 per dozen.
